CAMPUS GLANCES

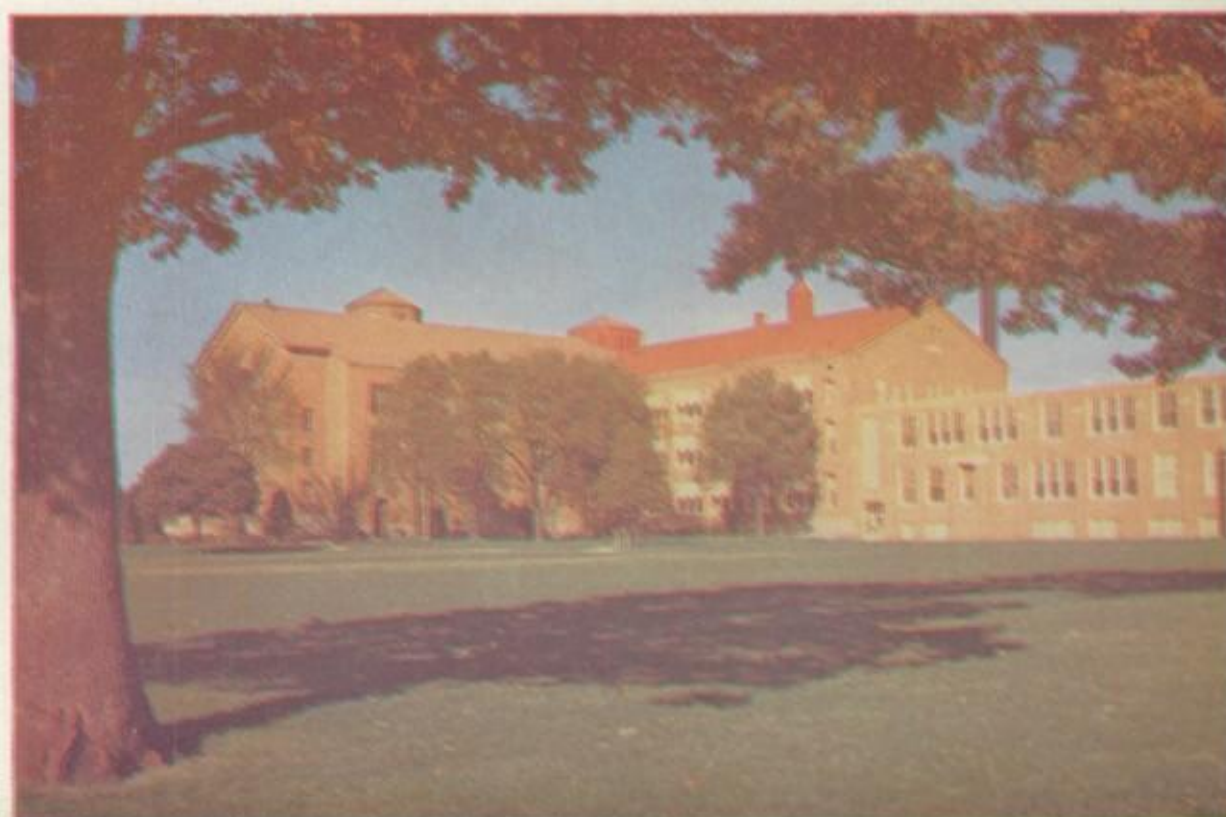

We're from Maine—couldn't

The old and the new are contrasted from this Potter road view of the old Potter wing and the new science addition.

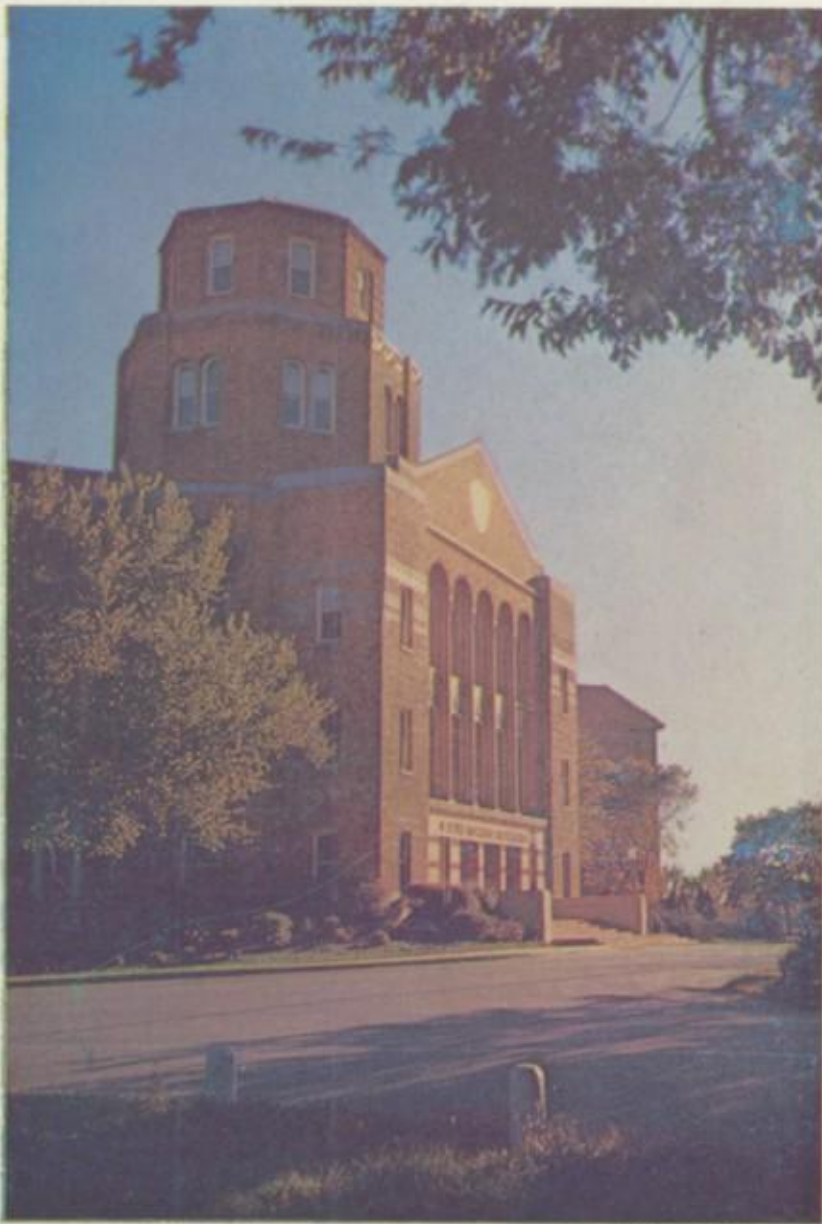

A view from the Potter bus stop shows the plaza with the Maine tower in the background.

be prouder

The tower and front entrance as seen from Dempster Street.

Another chapter of Maine's history has been completed. The story began in 1901 on Thacker Street in Des Plaines. When a larger Maine was needed, a 70 acre tract on the corner of Dempster and Potter met the new demands and in 1930 a new Maine was built .Maine has expanded. In 1901 there were 35 pupils; this year there are 3,000. The faculty numbers 127 classroom teachers. A 1500 seat auditorium and a 6,000 seat field house are a few of the facilities of the addition built in 1954.

The tower and front entrance as pictured from the Dempster wing drive.

TO REMEMBER

Hi Maine! Don't look around, I mean you! Maine is made up of people like you and me; we are Maine! After we first walked through the rotunda and wondered about that emblem on the floor, we were no longer just ourselves — we were Maine. Since that first day we have been known as Mainites and what we have done or left undone has been blamed on or credited to Maine.

There are so many of us Mainites. Everyone is different. Each of us has different dreams; each his own way of studying, of making friends, and of enjoying himself. To some of us, parties with the crowd have been the best experiences of the last year. Some of us have valued peace and those welcome minutes of privacy most highly, and others have liked the special times when we discussed "just things" with our closest friends.

All of us, no matter what we like or are like, have interests and needs in common. We are all Mainites, and perhaps never again in our life will we be one with so many.

One of the most satisfying things this year has been the friendships we have continued and the new ones we have made. "If you've known one real, true, friend, you've had a good life." This past year, then, has been a good one. We have made many friends. Here at Maine paths cross often. Perhaps we will never meet again, but our lives will show the impact of this crossroad, and forever these fellow Mainites will live in our memory.

Shadows of the past begin to surround us as we open this book to remember.

"Not enjoyment, and not sorrow,
Is our destined end or way;
But to act, that each tomorrow
Finds us farther than today."

Longfellow proposes in this verse a philosophy of life of great significance. Ponder these ideas. Probe their depth. Impregnate your pattern of purposeful living with great respect for today and a profound faith in God.

Maine is better because you have been here. May God bless and guide you.

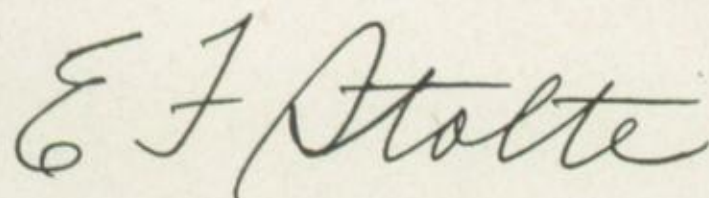

Superintendent

H. D. ANDERSON, Superintendent

Our goal at Maine is to aid in the production of efficient citizenship, and our success must be measured by the way in which students here meet their share of the responsibility. A great secondary school must be more than merely a group of reading or recitation rooms; it must present reality and life both in its academic and co-curricular areas.

The response of Maine students to the curriculum, the co-curriculum, and to the responsibilities of citizenship should make everyone in the school and community very proud.

Main Office...

business transactions, payroll, mail, and switchboard

The main office under the direction of the business manager, Mr. Harold Markworth, employs eight people. Mrs. Mabel Tyssen who is the receptionist, handles the switchboard. Mrs. Betty Geiger is the board of education bookkeeper and Mrs. Mary Allis serves as clerk. The monthly payroll of \$85,000.00 is handled by Mrs. Jean Williams. Mrs. Martha Hendrickson Zitzewitz serves as secretary to both the board of education bookkeeper, and Mrs. son, superintendent. Mrs. Ethel Saaris and Mrs. Lillian Johnson manage the bookstore.

The bookstore handles textbooks, all other school supplies, and serves as a "bank" to some fifty clubs and activities. More than fifty two thousand bus passes were sold here during the school year.

Standing: Mrs. Mary Allie, office clerk; Mrs. Jean Williams, payroll clerk; Mrs. Lillian Johnson, Mrs. Ethel Saaris, bookroom clerks. Seated: Mrs. Mabel Tyssen, receptionist; Mrs. Betty Geiger, secretary to the business manager.

"Fifteen cents, please."

ENGLISH

To increase one's ability to read accurately, to write clearly, to speak correctly, and to appreciate the best in literature are the aims of the English department. After two years in a general course, the upperclass student has the choice of literature or journalism in his junior year, and of creative writing, modern, world, or English literature in his senior year. Drama and speech classes also appeal to many upperclassmen.

DRIVER EDUCATION

Maine offers this popular course because statistics show that the person who has taken a driver education course is, on the average, a better driver. Each year more than 150 students receive the benefits of this department.

Among the art department's many activities is a cultural highlight of the year — the annual all-school art exhibit. Here is the opportunity for any student to display to the entire student body his talent in sketching, design, or a craft.

MUSIC

Maine has many reasons to be proud of its music department. Annually this department receives district and state awards and public recognition through the outstanding work done by its 700 members.

COMMERCIAL

For the many students who will be seeking jobs in the business world after graduation, training in commercial and secretarial skills is necessary. The commercial department provides this training by offering courses in typing, stenography, bookkeeping, office practice, general business, and commercial law. The proven success of its graduates is a commentary on the efficiency of this department.

SCIENCE

In keeping with Maine's expanding program, the science department underwent two changes this year. A course on earth science was introduced and 200 freshmen were allowed to take biology, heretofore a sophomore subject.

After tedious hours spent on projects for the annual district science fair, the deserving few are rewarded with honors and a trip to the state contest.

He writes not that you won or lost —
But how you played the game.

EIGHTH ANNUAL MESSIAH

As the huge curtains are slowly opened, and the first measures of the overture are played the audience senses the magnificence and reverence that will surround Maine's production of Handel's "Messiah." Six-hundred vocalists and instrumentalists dressed in the traditional blue and white, set the stage for the splendor that leaves a warmth which remains throughout the Christmas season.

Both participants and listeners are thrilled by the deep meaning that Handel's oratorio conveys — the longing of the world for the Messiah, Christ's life and death, and faith in Christ and Immortality.

"Music the Universal Language"
Music has its own unique power — it is the only language that requires no translation. Everyone may participate as a composer, performer or listener. Maine's Music Department offers a wide selection to all three. There are Harmony Courses on three levels, available to the composer. The performer may select Band, Chorus, or Orchestra. The listener may enjoy the West Suburban Music Festival, the Messiah, several Band, Choral, and Orchestra Concerts, plus the Maine Music Festival.

Student Council...

Jon Richardson, President

1955-1956

Marcia Kittilsen, Secretary

Each homeroom has a Council representative who gives a weekly report in class. Because Maine's enrollment increased so much, this year Student Council was the largest in its history.

The principal function of Council is to maintain a good working relationship between the administration and the students. To do this it has set up a number of committees.

Specific Council projects this year were the production of the variety show, "Collegeology," the sponsorship of the Kick-Off Dance, the success of the TB Drive, the management of Homecoming Game activities, the formation of the Brotherhood Society for Brotherhood Award winners, and the successful conduct of the annual election week.

NATIONAL FORENSIC LEAGUE

Although organized just last year at Maine, National Forensic League has already celebrated its twenty-fifth anniversary nationally. This league was established for the promotion of speech activities in high schools throughout the nation.

Membership is open to any student who has a minimum of 25 points gained by taking part in debates, radio broadcasts, or oral speaking.

Elected by the entire faculty, seniors must rank

in the upper quarter of their class to be considered. Juniors in the upper five per cent of their class, who have had not more than six B's as semester grades, are also eligible for membership in this society.

Besides fulfilling the scholastic requirements, the candidate's character, service, and leadership are judged.

MUSIC MASTERS

A new idea in high school organizations, Music Masters, was founded by Mr. Harley in 1936. However, it did not become a national organization until 1952. Its purpose is to recognize high school students who have displayed marked character, leadership, and musicianship, and who are willing to serve others through music.

To be eligible a student must have served a year in one of the concert groups, maintaining an "A" grade in music and a "C" academic average.

Each year, with the help of parents, the organi-

zation sponsors an annual jubilee, which is open to the public for dancing and card playing.

QUILL AND SCROLL

Quill and Scroll, an international honor society, has been active at Maine since 1945. Candidates must rank in the upper third of their class, have excelled in their work on the Pioneer or Lens, and be recommended by the adviser and accepted by the national secretary of Quill and Scroll.

In the spring, the Hot Copy Dance and the Publications Banquet are sponsored annually by this group.

Injuries Hold Demons To Second Place

After trouncing Spring Valley in a pre-conference game 34-0, the fighting Demons went on to tie for second place with Arlington and LaGrange. The Demons, although riddled with injuries which knocked out practically the whole first string line, came back after defeats by Riverside 20-6, and Hinsdale 48-6, to tie LaGrange 0-0, in one of the greatest spectacles of football in the West Suburban Conference. The gridgers, in the last thirty seconds of the game, attempted a field goal which missed the goal by inches. The powerful Arlington team bowed to the fighting eleven 20-6 and the game proved to be one of the best football games played at Maine this season. The homecoming game raised spirits higher as Coach Olson's boys held York 14-6. In the final game Maine came into its own by defeating Downers Grove 28-0. Seasons honors were awarded to Bruce Nelson, Most Valuable Player, and to Don Burcham, Honorary Captain. In an all-conference poll, Don Moline and Don Burcham received berths while Lee Fick, though severely injured during the early part of the season, received an honorable mention.

CAGERS PLACE FIFTH IN CONFERENCE

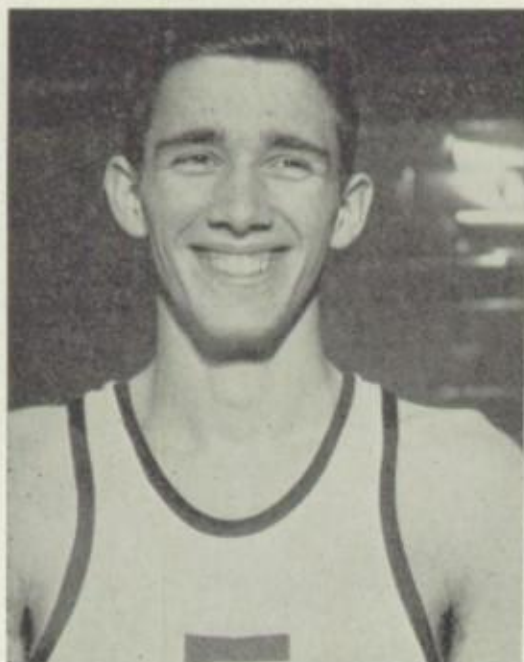

Beating LaGrange 98-72, and in doing so setting three fieldhouse scoring records, is something which the 55-56 Demons will always remember. The Demons were paced by all-conference guard Dick Nelson, and Bill Liedholm, who rated a conference honorable mention. Dick Nelson's 287 points were enough to assure him the conference championship in scoring. Under the skilled hand of first year coach Bernard Brady, the bucketmen compiled an overall record of seven wins and eleven losses. Maine took fifth place in the West Suburban Conference with six wins and eight losses, and scored a total of 923 points in conference play. After four losses the Demons squeezed by Arlington by two points, 59-57, and Riverside by one point, 55-54. After three more setbacks the cagers

met Downers Grove with a 73-65 victory. A much improved Demon team gave both Hinsdale and York a good battle but lost to each in the final minutes. The LaGrange game made history as the Demons could do nothing wrong. Their shooting accuracy and magnificent rebounding helped them outplay and outscore their heavily favored foes. In the last conference game of the season the Demons came through in the final seconds with a layup which enabled them to edge Downers 55-54. In Regional play at York, the cagers bowed 77-69 to Oak Park, who went on to place fourth in the state basketball tourney. At the winter sports banquet Dick Kessler was elected Honorary Captain, and Dick "Spook" Nelson was chosen Most Valuable Player.

Coach Elwood Hughes frosh-soph boys ended the season with a 9-9 record, fifth place in the West Suburban Conference.

INTRAMURALS

This year's intramural sports program benefited many boys. From early fall until late spring, boys participated in table tennis, golf, football, cross-country, basketball, and volleyball programs. In December, the annual Intramural Track Night was held and Midget M's were awarded. Mr. Wilson did an admirable job of organizing and supervising this program.

"THUNDER ROCK" Senior Class Play

Against a set depicting the cold, somber walls of a lighthouse interior, the Senior Class presented Robert Ardrey's "Thunder Rock" on November 17 and 18.

This powerful psychological drama tells the story of a self-exiled author, his strange visitors from the past, and his subsequent decision to return to society.

Night School...

profitable night life

Maine's adult education program is one of the biggest suburban academic projects of its kind in Illinois.

The enrollment of 2,500 is engaged twice a week in taking informal courses running a gamut of interests from cake decorating to TV repair. The travel and adventure presentations are attended by an additional 1,500 who are taken by notable travelers on armchair excursions to every continent.

Through nearly one hundred non-credit courses, adult students may continue their education, expand the realm of their personal interests, and better equip themselves to meet the challenge of modern living.

thought-full summer job

Mr. M. S. Johnston
Director

Maine's summer school students do not always live within Maine Township. A resident of Crystal Lake, Illinois, traveled sixty miles a day in order to take a course. The inviting atmosphere that it affords accounts for both his enthusiasm and the fact that fewer than half of the students register because of scholastic failure.

Time to study in the shade of our campus elms and a minimum of homework are the pleasant aspects which have contributed largely to the increased enrollment and to the mounting number of courses which will be offered in the summer of 1956.
